HOW TO BID ONLINE

Tips and Tricks to Master Online Bidding

STEP 1.

Get started by going to the website www.CCI.live OR download the CCI.live app from the Apple or Google Play app stores. CCI.live can be used on a cell phone, tablet, laptop or desktop. Some older models may not be compatible and will indicate this with a yellow caution symbol.

STEP 2.

Create an account and then request bidding credentials through CCI.live. Please use a correct phone and email address as well as your current bank information. CCI.live reserves the right to refuse bidding credentials to any customer not meeting our specifications.

STEP 3.

Once you are accepted for bidding credentials you will receive a text message and/or email notification. Proceed to "Get Buyer Number" on the actual sale page of your interest. Please closely read the terms!

STEP 4.

You are ready to go! Make sure you understand, once you are logged in, have a buyer number and are watching the sale that you are on a highly sensitive web page. Be careful when scrolling or handling cell phones.

TIPS FOR SUCCESSFUL BIDDING

- Make sure you have good service. Bidding and driving is not recommended. You should have two - three bars on your cellular devices. At home you should have an UPLOAD speed of 2 mg or more UP. Use this site to test your internet: www.speedtest.net.

REFRESH YOUR SCREEN AT SALE TIME

If you have logged in over an hour prior to sale time, you may need to login again. DO NOT let the computer set idle and then return and try to bid, the website may have logged you out.

CCI.live does not accept payment, you will pay the sale management or the farm directly.

www.cci.live

LIVESTOCK MARKETING

JOIN US FOR THE SALE!

Terms

The terms of the sale are cash, cheque, wire or e-transfer, payable on location or within 15 days following the sale to Dorran Cattle Co. The right of property shall not be exchanged until after satisfactory settlement has been made. Every group will sell to the highest bidder times the amount of head; the auctioneer will handle any disputes if needed. Announcements from the auction block take precedence over printed or previously announced details. All monies are in Canadian funds.

Viewing

Summer evenings are a great time to come view the heifers on pasture. Call/text Ryan at 403-507-6483 to stop by for a visit! On sale day, heifers will be penned by sale groups at the barn in the afternoon.

Pregnancy Verified

Dr. Adam Schierman, DVM, at Davis-Rairdan International performed ultrasound pregnancy examinations on all heifers. A 283-day gestation table was used based off the AI or natural service observation in combination with the dated ultrasound verification.

USA Buyers

We welcome U.S. customers. Transportation as well as health and export paper fees would be the responsibility of the buyer. Dorran Cattle Co. will help with arrangements. Contact Ryan before the sale for more information. Current U.S./Canadian exchange rate would put Americans at a significant advantage paying around \$9,750 USD for every \$12,500 CAD bid.

Transportation

Buyers are responsible for all transportation of sale purchases. We kindly ask that heifers are at their new homes by the first week of October. Dorran Cattle Co. may be able to provide some guidance and help line up transportation arrangements if needed.

Accidents

Although every precaution will be taken, Dorran Cattle Company or any sale staff will not be responsible for any accidents or loss of property. Said parties assume no liability, legal or otherwise as a result of this cattle facility or auction.

Thank you for your interest in our 2nd annual sale!

Dorran Cattle Co. heifers have been selected from astute cattle breeders across Alberta and Saskatchewan. This year, to help with your purchasing decisions, we have included sires of each heifer. Some of the breed-leading Simmental, Angus and Hereford sires make up these pedigrees, helping you feel confident in these replacements to strengthen your own herd.

Heifers are identified by their Dorran Cattle Co. number and penned in groups of two to three head by type and calving date.

In the spring heifers were fed a high quality hay and AI synchronized to the calving ease, maternal giant SAV Early Arrival 0903. Having seen this bull when he sold, we believe Early Arrival will be a historically recognized, calving-ease sire with curve-bending performance. He's very unique; it was an easy choice on how we wanted a majority of the group bred.

We think you will be impressed with the calving ease bulls pasture exposed to the group of heifers. The two-year-old bull is as quiet as they come; **he sells!**

It's sure been rewarding the last four years to stop in at people's places during the summer and see how the DCC heifers are excelling in commercial herds and as top-end recipient females raising purebred calves. Last year, a majority of our heifers sold to be recipient mothers; this is a huge compliment. Having quiet-disposition females with solid udders and good feet is sure a *must* when you are investing in embryo transfer calves. For us, the bonus is when they are fun to look at as well; we keep this in mind when we are selecting each spring.

Estimated calving dates have been provided, but please keep in mind that calving ease sires are often considered a shorter gestation. We recommend watching these heifers prior to the estimated 283-day gestation length.

We look forward to the fun you are going to have calving this group of heifers! We are very proud to present them to you on **September 1!**

Ryan & Cassie Dorran

Heifers have been on native pasture since the first of June and had free choice Bulls Eye Mineral.

AI Sire SAV Early Arrival 0903

Sire: LD Capitalist 316
 Dam: SAV Blackcap May 3525

Anchorage Boone Pickers 0008

Sire: PF OKLAHOMA 6625 Dam: RUSYLVA MISS 612F Registration Number: 2193941

Each year we offer our two-year-old bull in our bred female sale! Affectionately known by our family as "Boone", we are very happy how this Oklahoma son has matured. Purchased in 2021 at the Anchor B/Anchorage Bull Sale for his calving ease and birth weight numbers, Boone has been an awesome breeding bull for us the past two years. He's a soft made, easy-to-look-at herd sire who proudly holds his head high. The disposition in him can't be beat; even our three-year-old son pets him. Maternally, you can't beat the Brooking Silver Lining bull in his pedigree. Boone's top side includes the now deceased AI sire Oklahoma, a maternal and calving ease giant in the Angus breed. Boone has calves on the ground in Saskatchewan, Alberta and Manitoba that look great, and we know he will make an excellent breeding piece at his new home!

Group 21 *Dalton & Tucker's Lot*

203 • Black baldy | Sire: Haroldson's Insight ET 201D

{ Heifer Calf DOB: May 14 } *Sells Open*

Agriculture is full of surprises. This one (affectionately known as "Chocolate") was a blessing in disguise for our family. Dalton (4) and Tucker (3) have thoroughly enjoyed watching this heifer calf grow; they've grown this summer with her. 203 has been an amazing mother. She does sell open, as the vet agreed she deserved a year off. **Seller would entertain the option to buy the heifer calf back at weaning.**

Thank You!

Putting on a sale takes so many people; the support from family and friends is truly appreciated. Thank you to all those who have helped, called with well-wishes, lent a hand and especially to last year's buyers! We enjoyed our first sale in 2021 and look forward to hosting you again this year!

Directions | 31027 Range Rd 20 • Didsbury, AB | From Calgary, head north on QEII. Between Didsbury and Carstairs exits, turn west off the hwy on Westcott Rd. Pass the train tracks; head north on Range Rd 20. Sale is located in the black/white barn, first drive way on east side.
